1. **Content Marketing Excellence:** Businesses are investing heavily in creating high-quality, engaging content – from informative blog posts and eye-catching infographics to entertaining videos and interactive polls. This content serves to educate, entertain, and inspire their target audience, positioning the brand as a thought leader and a valuable resource.
2. **Visual Storytelling:** Platforms like Instagram and Pinterest are perfect for showcasing products and

This stability makes PDFs particularly suitable for long-form learning materials and reference documents.

Why PDFs are widely used in education
