The Birth of a Legend: Angus Young's Early Life

To understand Angus Young's age and his impact, we need to go back to where it all began. Angus McKinnon Young was born on March 31, 1955, in Cranhill, Glasgow, Scotland. Yes, that's right, he's a Scotsman by birth! His family, like many others during that post-war era, made the big move to Australia in search of a better life when Angus was just a child,

settling in Sydney.

Growing up in a working-class environment, Angus, along with his brothers, was exposed to music from a young age. While Malcolm, his older brother and the band's co-founder, was always a bit more reserved, Angus was the firecracker, the one with the restless energy. His early days were characterized by a strong connection to music, a natural talent that would soon become apparent to the world.

The guitar, specifically, became his obsession. It was more than just an instrument; it was his voice, his escape, and his future. He reportedly started playing at a young age, with his first guitar being a gift from his mother. This early connection forged the foundation for what would become one of the most recognizable guitar sounds in the history of rock music.
