Nurturing Little Hearts: Engaging Activities for the Sacrament of Reconciliation for Children

The Sacrament of Reconciliation, often called First Confession, is a profound and beautiful moment in a child's spiritual journey. It marks their first formal encounter with God's boundless mercy and forgiveness. Preparing them for this sacrament requires not just explanation, but also engagement – making the learning process both understandable and meaningful. As parents, catechists, and guardians, we want to equip our children with the tools and understanding they need to approach this sacrament with confidence and joy. This is where a wealth of creative and age-appropriate activities comes in, transforming preparation from a daunting task into an enriching adventure. This comprehensive guide will explore a variety of engaging activities designed to help children understand the Sacrament of Reconciliation. We'll delve into how these activities can foster a deeper connection with God, demystify the process, and instill a lifelong appreciation for this gift of forgiveness. From hands-on crafts to imaginative play and prayerful reflections, we'll cover a range of approaches to suit different learning styles and age groups.

Understanding God's Love and Forgiveness

Before diving into the mechanics of confession, it's crucial to lay a solid foundation of God's immense love. Children need to grasp that God's forgiveness isn't a reward for being good, but a constant outpouring of love for us, even when we stumble.

The Unconditional Love Jar

This simple yet powerful activity uses a visual metaphor. Decorate a large jar and fill it with small slips of paper, each inscribed with attributes of God's love (e.g., "He always forgives," "He is always with you," "He rejoices when you are sorry"). Children can add their own thoughts about God's love. Periodically, have them pick out a slip and read it aloud, reinforcing the idea that God's love is always present and available.

The Broken Vase Analogy

Carefully break a (non-precious!) vase or pot into a few pieces. Discuss how sin is like breaking something beautiful. Then, with the help of glue, meticulously put the pieces back together.

Explain that while the vase may have cracks, it's still a whole vase, just like God can heal us and make us whole again after sin, even though we might still carry the memory of our mistakes. This visual aids understanding of healing and restoration.

Storytelling with a Focus on Mercy

Choose Bible stories that highlight God's forgiveness and mercy. Tales like the Prodigal Son, the Parable of the Lost Sheep, or Moses' intercession for the Israelites are excellent choices. Read these stories in an engaging way, emphasizing the emotions of the characters and God's response. Afterwards, discuss how these stories relate to their own lives and the Sacrament of Reconciliation.

What is Sin? Exploring Mistakes in an Age-Appropriate Way

The concept of "sin" can be abstract for children. It's important to frame it not as an accusation, but as something that separates us from God and others, and that we can always return from.

"Oops!" Moments Journal

Encourage children to keep a simple journal, perhaps a decorated notebook, where they can jot down or draw "Oops!" moments – things they did that weren't kind or helpful, or that made them feel bad. This isn't about guilt-tripping, but about developing self-awareness and recognizing when they've done something wrong. Frame it as a way to notice when they need to say sorry. * **Keywords:** Children's first confession, Catholic sacrament for kids, sin for children, understanding sin. * **LSI Keywords:** Catholic faith formation, religious education for children, teaching about sin, making mistakes.

The "Cloudy Day" Metaphor

Compare sin to a cloud that covers the sun. The sun (God's love) is always there, but the clouds (sin) can block our view. The Sacrament of Reconciliation is like the wind that blows the clouds away, allowing the sunshine to shine through again. This visual helps them understand that sin is temporary and that God's love is constant.

Role-Playing "Kindness Choices"

Set up scenarios where children have to make a choice between a kind or unkind action. For example, "Your friend accidentally spills paint. Do you yell at them, or do you help them clean it up?" Discuss why certain choices are better than others and how they impact ourselves and others. This helps them differentiate between right and wrong actions in practical terms.

The Examination of Conscience: A Gentle Self-Reflection

The examination of conscience is a vital part of preparing for confession. For children, this needs to be simplified and focused on observable actions and common childhood experiences.

"My Heart Map" Activity

Provide children with a large outline of a heart. Inside the heart, have them draw or write things they can do to be more like Jesus (e.g., being kind, sharing toys, listening to parents, helping others). Then, on the outside of the heart, have them draw or write things that might have hurt their heart or others' hearts (e.g., being selfish, saying mean words, not listening). This creates a visual of where they can improve. * **Keywords:** Examination of conscience for kids, preparing for confession, Catholic children's activities, First Communion preparation. * **LSI Keywords:** Sacrament of Penance activities, children's prayer for confession, forgiveness activities for kids, Catholic youth ministry.

"The Sin Detective" Game

Create a set of cards with simple actions. Some cards might depict "good" actions (e.g., helping mom with dishes, sharing a toy) and others "not-so-good" actions (e.g., snatching a toy, saying "I won't!"). Children can sort these cards, identifying which actions might need an apology. Frame it as being a "detective" for their hearts.

Age-Appropriate Examination of Conscience Guides

Many excellent resources offer simplified examination of conscience guides tailored for children. These often use straightforward language and focus on commandments, virtues, and common childhood temptations. You can adapt these by reading them aloud with the child, discussing each point, and allowing them to reflect without pressure.

Making the Confessional Accessible and Understandable

The physical space of the confessional can be intimidating. Making it less scary and more familiar is key.

Confessional Play Tent

If possible, create a designated "confessional" space at home or in a classroom using a play tent or even just a draped blanket. You can set up a simple chair inside and a screen or curtain. This allows children to practice the process in a comfortable and familiar setting.

Role-Playing the Confession Itself

With a willing adult or older child acting as the priest, have the child practice going to confession. Go through the steps: saying "Bless me, Father, for I have sinned," stating their sins clearly and simply, listening to the priest's advice, and receiving the Act of Contrition. Repeat this a few times, gradually increasing their comfort level. * **Keywords:** Sacrament of Reconciliation for children, children's confession activities, Catholic faith for kids, First Confession preparation. * **LSI Keywords:** Religious activities for Catholic children, teaching Catholic sacraments, children's spiritual development, prayer and confession.

Crafting a "Confession Bag"

Have children decorate a small bag or box. They can place the slips of paper from their "Oops!" journal or "Sin Detective" cards into this bag when they feel ready to confess. This bag becomes a tangible reminder of what they are bringing to the sacrament.

Prayer and Reflection: Deepening the Spiritual Connection

Prayer is the heart of reconciliation. Helping children connect with God through prayer is paramount.

The Act of Contrition Craft

Print out or have children handwrite the Act of Contrition. They can then decorate the paper with religious symbols, colors, or drawings that represent their sorrow and desire for God's forgiveness. This makes the prayer more personal and memorable.

"My Sorrow, God's Mercy" Prayer Stones

Find smooth stones and have children paint or draw symbols on them that represent something they are sorry for. They can then place these stones in a special place as a reminder to pray for God's mercy. During confession, they can mentally offer these "sorrow stones" to God. * **Keywords:** Prayer for confession, Catholic children's prayer, Sacrament of Reconciliation activities, faith formation for children. * **LSI Keywords:** Children's spiritual growth, Catholic rituals for kids, learning about sacraments, God's forgiveness activities.

Creating a "Forgiveness Chain"

Use colored paper strips to create a chain. Each link can represent something they forgive someone else for, or something they are asking forgiveness for. As they add links, discuss the importance of both forgiving others and being forgiven.

Celebrating the Sacrament: A Joyful Conclusion

The Sacrament of Reconciliation is a cause for immense joy! It's important to celebrate this milestone and reinforce the positive feelings associated with it.

"Forgiven and Loved" Certificate

Create a personalized certificate for each child, proclaiming they have received the Sacrament of Reconciliation and are loved by God. This serves as a tangible reminder of their achievement.

A Special "Forgiveness Feast"

After the sacrament, consider having a small celebration – a special meal or a fun outing. This links the sacrament with positive emotions and reinforces that it's a joyous occasion of God's love. * **Keywords:** First Confession celebration, Catholic children's activities, Sacrament of

Reconciliation for kids, religious education. * **LSI Keywords:** Catholic sacraments for children, teaching Catholic faith, children's spiritual journey, prayer and forgiveness.

Reflection and Reiteration

In the days and weeks following the sacrament, continue to talk about God's mercy and forgiveness. Reinforce the idea that confession is a tool to help them stay close to God. Remind them that they are loved unconditionally. By incorporating these engaging and thoughtful activities, we can help children approach the Sacrament of Reconciliation not with fear, but with eager anticipation. We equip them to understand God's infinite love and mercy, fostering a lifelong relationship with Him built on trust and forgiveness. The journey of faith is a beautiful one, and preparing for this sacrament is a wonderful way to guide little hearts towards the embrace of God's grace.

The Sacrament of Reconciliation for Children: Nurturing Faith Through Meaningful Engagement

Understanding the Sacrament of Reconciliation in a Child-Centered Way

The Sacrament of Reconciliation, also known as Confession, is a sacred encounter in Christian tradition where children encounter God's boundless mercy and begin a journey of spiritual renewal. Unlike adult sacramental practices that often emphasize complex theological concepts, engaging children requires a thoughtful, age-appropriate approach that emphasizes simplicity, empathy, and personal connection. This sacrament is not merely a ritual but a powerful moment of healing and reconciliation—an opportunity for young hearts to experience forgiveness, understand the value of honesty, and develop a deeper relationship with God and community. For children, the sacrament must feel safe, welcoming, and relevant to their lived experiences, transforming abstract teachings into tangible, emotionally resonant moments.

Creating Age-Appropriate Activities to Deepen Reconciliation Awareness

To truly support children in embracing the sacrament of reconciliation, faith educators and families have increasingly turned to creative, interactive activities designed to foster understanding and reflection. These programs move beyond rote instruction, inviting children to explore what repentance means through storytelling, role-playing, and guided journaling. For younger children, simple narrative sessions using relatable parables help illustrate themes of remorse and renewal, using language they can grasp and emotional truths they can feel. Older children, meanwhile, benefit from structured discussions that encourage them to articulate their own experiences of wrongdoing, feelings of guilt, and aspirations for change. Activities such as drawing symbols of forgiveness or writing letters to oneself or others promote emotional expression and self-awareness, making reconciliation feel less intimidating and more personally meaningful. The goal of these activities is not to turn the sacrament into a game, but rather to lay a foundation of empathy and moral clarity. By integrating creative expression with spiritual guidance, children begin to see reconciliation not as a distant religious duty, but as a natural part of growing in compassion and integrity. These moments become touchstones in their spiritual development, reinforcing that every mistake is an opportunity to grow closer to God and to others.

The Multifaceted Benefits of Engaging Children in Reconciliation Practices

When children actively participate in reconciliation-focused activities, the impact extends far beyond religious instruction. These experiences nurture emotional intelligence by helping children identify and process complex feelings like shame, regret, and hope. Through

guided reflection, they learn to take responsibility for their actions with grace, cultivating humility and resilience. Furthermore, such engagement strengthens family and community bonds, as shared discussions and rituals create spaces for open dialogue and mutual support. Educators and clergy often observe that children who engage meaningfully with reconciliation tend to display greater empathy, improved conflict resolution skills, and a stronger sense of moral identity. These benefits ripple outward, influencing classroom behavior, peer relationships, and even family dynamics. In a broader sense, teaching reconciliation through accessible, joyful activities helps demystify faith, making spiritual growth feel inclusive and personally relevant rather than distant or rigid. This approach empowers children to view forgiveness not as a one-time event, but as an ongoing practice woven into daily life. Looking Ahead: Innovating for the Next Generation of Faith Seekers As society evolves and children's learning styles shift toward digital engagement and interactive experiences, the future of sacramental education lies in innovation. Emerging tools such as educational apps, animated videos, and virtual role-play scenarios offer dynamic ways to present reconciliation concepts in formats children find engaging and memorable. At the same time, there remains a vital need for face-to-face, heart-centered environments where children can ask questions, share vulnerabilities, and receive individualized support. The ongoing challenge—and opportunity—is to balance tradition with creativity, ensuring that the sacrament of reconciliation remains a living, breathing practice that resonates with today's youth. By continuing to develop inclusive, compassionate activities grounded in both faith and child development research, faith communities can inspire a generation to embrace reconciliation not just as a ritual, but as a lifelong journey of becoming more whole, forgiving, and connected to something greater than themselves.

Nurturing Young Hearts: Engaging Sacrament of Reconciliation Activities for Children

The Sacrament of Reconciliation, also known as Confession, is a cornerstone of Catholic faith, offering a profound opportunity for spiritual renewal and forgiveness. For children, approaching this sacred rite for the first time can be a mixture of excitement, trepidation, and perhaps even confusion. As parents, educators, and catechists, our role is crucial in preparing them, not just intellectually, but emotionally and spiritually. This article delves into a comprehensive exploration of sacrament of reconciliation for children activities, offering practical, engaging, and faith-nurturing approaches to guide young souls towards a meaningful encounter with God's mercy.

Preparing children for the Sacrament of Reconciliation goes beyond rote memorization of prayers. It involves fostering a deep understanding of God's love, the nature of sin, and the joy of forgiveness. By incorporating creative and age-appropriate activities, we can transform this preparation into a positive and empowering experience. This guide will cover everything from initial introductions to the sacrament to crafting tangible resources and fostering a prayerful environment.

Understanding the 'Why': Building a Foundation of Love and Mercy

Before diving into specific activities, it's vital to establish a solid understanding of the core concepts. For children, this means simplifying complex theological ideas into relatable terms.

God's Unconditional Love

Start with God's immense love for each child. Use stories from the Bible that showcase God's patience and forgiveness, such as the Parable of the Prodigal Son. Emphasize that God always welcomes us back, no matter what. Discuss how God is like a loving parent who is always waiting with open arms. This foundational understanding of God's mercy is the bedrock upon which all other preparation rests. Explore resources like children's Bibles and illustrated faith books that visually represent God's loving nature.

What is Sin? Making it Relatable

Sin, for children, can be understood as making a wrong choice that hurts ourselves, others, or our relationship with God. Avoid overly frightening or guilt-inducing language. Instead, use analogies they can grasp. For instance, comparing a wrong choice to breaking a toy – it needs to be mended. Discuss everyday examples of small "wrong choices" like not sharing, telling a fib, or being unkind. The goal is to help them recognize that we all make mistakes, and that's okay, because we have a way to fix things.

The Joy of Forgiveness

Focus on the positive outcome: the joy of being forgiven and the relief of unburdening oneself. Talk about how it feels to apologize after a disagreement and the happiness that follows when someone forgives you. This personal experience can be a powerful stepping stone to understanding sacramental forgiveness. Highlight the feeling of lightness and peace that comes after confessing and receiving absolution. This is a key takeaway for young minds.

Creative Sacrament of Reconciliation for Children Activities

Now, let's explore a range of engaging activities designed to make learning about the Sacrament of Reconciliation fun and impactful. These activities cater to various learning styles and can be adapted for home, classroom, or parish settings.

Activity 1: The "Sin Jar" and "Forgiveness Jar"

This is a highly visual and interactive activity. Decorate two jars. Label one "Sin Jar" and the other "Forgiveness Jar."

How it Works:

For the "Sin Jar," children can write or draw instances where they've made wrong choices on small slips of paper. They then place these slips into the jar. For the "Forgiveness Jar," they can write or draw acts of kindness, apologies, or receiving forgiveness. As they reflect on their actions, they place these positive reflections into the "Forgiveness Jar."

Variations and Extensions:

1. **Discussion Starter:** Use the slips from the "Sin Jar" as prompts for discussion about why certain actions are not good.
2. **Visualizing Release:** For the "Forgiveness Jar," after a successful confession, symbolically empty the "Sin Jar" (e.g., by tearing up the slips or placing them in a "cleaning" container) and fill the "Forgiveness Jar" with symbolic items representing peace and joy (e.g., small white stones, glitter, or a prayer intention).
3. **Crafting the Jars:** Involve children in decorating the jars themselves, making them personal and special.

This activity helps children externalize their struggles and understand the contrast between sin and forgiveness, making the abstract concept of reconciliation more concrete. It's a wonderful way to introduce the idea of bringing our burdens to God.

Activity 2: "The Act of Contrition" Role-Playing and Puppets

Understanding the prayers and the flow of the sacrament is crucial. Role-playing and using puppets can make this process engaging and less intimidating.

Setting Up the Scene:

Create a simple confessional setting with a screen or two chairs. You can use stuffed animals or puppets to represent the penitent child and the priest. Prepare simple outlines for the confessional dialogue.

The Dialogue:

Guide the children through a simplified conversation:

1. **Priest:** "Hello [Name]. Bless me Father, for I have sinned. It has been [time] since my last confession."
2. **Child:** "Hello Father. My sins are..." (Practice common examination of conscience topics).
3. **Priest:** "I invite you to say an Act of Contrition..."
4. **Child:** Recites Act of Contrition.
5. **Priest:** "Your sins are forgiven. Go in peace."

Benefits:

This allows children to practice the words and actions in a safe, playful environment. Puppets can diffuse anxiety, and role-playing makes the experience memorable. Focus on the key

phrases and their meaning, such as "contrition" meaning sorry and "absolution" meaning forgiveness. This is a key element in learning the sacrament of reconciliation for children.

Activity 3: "Examination of Conscience" Bingo or Matching Game

A structured examination of conscience is a vital part of preparation. Turning it into a game can make it more appealing.

Bingo Format:

Create bingo cards with squares containing simple descriptions of common sins or wrong choices (e.g., "Didn't share my toy," "Said a mean word," "Didn't listen to Mom/Dad"). Call out the descriptions, and children mark them on their cards. Have a "winning" call that signifies a reflection or prayer for those identified wrongdoings.

Matching Game:

Create pairs of cards: one with a description of a wrong choice and the other with a corresponding good choice or an act of repentance (e.g., "Took someone's toy" matched with "Said 'I'm sorry' and gave it back").

Emphasis on Growth:

The goal here is not to shame, but to help children identify areas where they can grow in love and virtue. After playing, discuss how making good choices is important and how the Sacrament of Reconciliation helps us when we fall short. This helps in understanding the sacrament of reconciliation for children by making it interactive.

Activity 4: "Forgiveness Hands" Craft

This is a symbolic and heartwarming craft that visualizes the act of receiving forgiveness.

Materials:

Construction paper, scissors, crayons, markers.

Instructions:

1. Have children trace their hands onto construction paper.
2. Cut out the hand shapes.
3. On the palm of the hand, children can write or draw "Thank you, God, for forgiving me."
4. On each finger, they can write a prayer intention, a person they want to pray for, or a reminder of God's love.

Symbolism:

The hands represent the child receiving God's forgiveness. The palm is the act of receiving,

and the fingers can be used to extend that grace outwards through prayer. This is a lovely keepsake and a reminder of the sacrament's blessing. These hands can be hung in their rooms as a visual reminder of God's mercy and their commitment to living a virtuous life.

Activity 5: "The Light of God's Mercy" Candle Ceremony

This activity focuses on the spiritual aspect of the sacrament, emphasizing peace and new beginnings.

Setup:

Gather the children around a table with a white candle. You can also have smaller votive candles for each child.

The Ceremony:

1. Begin with a prayer about God's light and love.
2. Explain that when we sin, it's like a shadow comes into our lives.
3. When we go to Reconciliation and receive forgiveness, God's light shines brightly, chasing away the shadows.
4. Light the main candle, symbolizing God's mercy.
5. Each child can then light a smaller candle from the main one, symbolizing how they receive God's light and forgiveness.

Discussion Points:

Discuss the warmth and brightness of the candle and how that reflects the peace and joy they can feel after Reconciliation. This activity deeply connects the sacrament of reconciliation for children with tangible symbols of faith and hope.

Not everyone sits down with a clear intention to learn. Sometimes reading starts simply because something catches attention. A title, a recommendation, or a moment of curiosity. The option to download Sacrament Of Reconciliation For Children Activities makes those moments easier to follow, turning small sparks of interest into meaningful engagement.

For many readers, the biggest difference lies in how natural the process feels. There is no ceremony involved. No special preparation. The book is there when it is needed, and just as easily set aside when attention shifts elsewhere. This freedom removes pressure and makes learning feel approachable.

People often underestimate how much pressure affects learning. When a book feels heavy, expensive, or difficult to access, hesitation appears. Downloadable access softens that barrier. Readers open the book without expectations, knowing they can pause, return, or stop at any time without consequence.

This relaxed approach often leads to deeper engagement. Without the need to rush, readers move at their own pace. They reread passages that resonate and skip sections that feel less relevant in the moment. Over time, understanding builds naturally through repetition and

reflection.

Daily life rarely offers long stretches of uninterrupted focus. Instead, it provides fragments. A few quiet minutes, a short break, an unexpected pause. Downloading *Sacrament Of Reconciliation For Children Activities* allows these fragments to become useful. Each small interaction contributes to a growing familiarity with the material.

Portability strengthens this habit. When books travel easily, reading becomes spontaneous. A reader might open a chapter while waiting, return later at home, and revisit the same idea days afterward. The content stays consistent, even as context changes.

PDF format plays an important role here. Pages remain stable. Diagrams stay aligned. Paragraphs appear exactly where expected. This consistency allows readers to focus on meaning rather than format, especially when dealing with detailed or structured material.

Interaction adds another layer. Highlighting lines that stand out, adding brief notes, or placing bookmarks creates a sense of ownership. The book slowly reflects the reader's thought process, becoming more personal with each interaction.

Search tools quietly enhance confidence. Readers know they can always find what they need without frustration. This makes the book useful not only for reading, but also for quick reference and clarification. It becomes something to return to, not something to finish and forget.

Affordability encourages exploration. When access is free or low-cost through legal platforms, readers take more chances. They open books outside their usual interests and follow ideas without fear of wasted effort. This openness often leads to unexpected insights.

Public libraries in digital form play a crucial role. Project Gutenberg, Open Library, and Internet Archive preserve valuable works and make them available to a global audience. Academic platforms extend this access by offering research and analysis that add depth and context.

Using trusted sources matters. Reliable platforms provide accurate content and protect readers from unnecessary risks. Ethical access ensures that authors and institutions continue to share knowledge sustainably.

In professional life, downloadable books function quietly in the background. They are consulted when questions arise, revisited when clarity is needed, and relied upon for reference. Learning integrates into work instead of interrupting it.

Students experience a similar advantage. Study becomes flexible rather than rigid. Difficult sections can be revisited without pressure, and understanding develops gradually. Offline access supports focus when connectivity is limited.

Different reading personalities find comfort here. Some readers prefer structure, others prefer exploration. The format supports both without judgment. *Sacrament Of Reconciliation For Children Activities* adapts to individual habits rather than enforcing a single approach.

Accessibility features broaden participation. Adjustable text sizes, reading assistance, and compatibility with support tools allow more people to engage comfortably. These options quietly remove barriers without drawing attention to themselves.

Organization becomes intuitive over time. Digital libraries grow alongside interests. Notes remain saved, highlights preserved, and bookmarks easy to find. Learning feels continuous instead of fragmented.

There is also a subtle emotional shift. When readers know a book is always available, anxiety decreases. There is no rush to understand everything at once. Ideas are allowed to settle slowly, becoming clearer with each return.

Global access adds richness. Readers from different backgrounds engage with the same material, often interpreting ideas through unique lenses. This shared access broadens perspective and encourages reflection.

Exploration becomes easier when effort is low. Readers connect ideas across topics, move between subjects, and allow curiosity to guide them. This kind of learning feels organic rather than planned.

Long-term engagement grows quietly. Notes taken months ago still matter. Bookmarks still guide attention. The book becomes part of an ongoing learning process rather than a temporary focus.

Over time, books stop feeling like tasks. They become companions. They wait without demanding attention, ready to be opened again when questions return.

This steady presence shapes attitude. Learning feels less intimidating. Curiosity feels welcome. Understanding feels earned through patience rather than speed.

Accessing *Sacrament Of Reconciliation For Children Activities* in this way reflects how people actually live. Attention moves, time fragments, interests evolve. The book adapts to these realities instead of resisting them.

There is no clear endpoint here. Reading pauses and resumes. Understanding deepens gradually. Ideas resurface in new contexts.

What remains is familiarity. The comfort of knowing that insight is close, waiting quietly, ready to be explored again whenever curiosity decides to return.

3	What are some activities that help children understand the priest's role in Reconciliation?	Explain that the priest acts 'in persona Christi' (in the person of Christ), like a doctor for our souls. A simple craft of a priest's stole or a 'listening ear' can symbolize their role. Role-playing a gentle conversation with a 'priest' figure can also demystify it.
4	How can we make the act of penance meaningful for children after Reconciliation?	Choose penances that are simple and related to the child's mistake, like an extra prayer for someone they hurt, a small act of service for a family member, or a reminder to be extra kind for the day. Discuss how the penance helps them grow in love.
5	Are there any good songs or music that teach about the Sacrament of Reconciliation for kids?	Yes! Many children's liturgical music resources include songs about forgiveness, God's love, and the sacrament. Look for songs with simple lyrics that repeat key themes. Some even have actions that help children remember the process.
6	What are some creative crafts that reinforce the lessons learned in Reconciliation?	Consider making a 'Forgiveness Cross' where children decorate it after confession, symbolizing new beginnings. A 'Worry Jar' where they write down worries they confessed and then release them is also helpful. Painting or drawing their favorite Bible story about forgiveness is another great option.
